

# The Story of the Sustainable Sewing Project

## Empowering Girls and Women through Health, Education and Employment

Join AAUW Jefferson County, and the Women of Grace (First Presbyterian Church of Watertown), as we welcome Kathy Curtis. Ms. Curtis has been a part of this project (making of health kits) for over 2 years. She will be sharing its history as well as hosting a question and answer session at the end of her presentation.

Background: Women in Malawi, a country in Africa, must stop all activity during their monthly cycle due to lack of necessities. Also, widows lose everything when their husbands pass away and must seek their own economic resources. Let's see how this project helps both!
